

Dear Christian Soccer Association Families,

As many of you know, CSA will be entering the third year of a partnership with the Gulf Coast Soccer Academy, a developmental program created by the Florida Gulf Coast University men's soccer staff. The Gulf Coast Soccer Academy provides coaching and player clinics for CSA, while operating within the simple GCSA mission: **to teach our young players to enjoy the skillful side of soccer, while developing and inspiring youth coaches to do the same.**

Sessions are held Tuesday and Thursday evenings, free-of-charge to all CSA-affiliated individuals, divided by age groups. These training sessions are opportunities for young players to develop their technical abilities under the supervision of FGCU staff and players, while getting a glimpse of a more competitive environment.

The schedule for these age-specific sessions is below, and all other questions can be answered by emailing [gulfcoastsocceracademy@yahoo.com](mailto:gulfcoastsocceracademy@yahoo.com)

Gulf Coast Soccer Academy will run sessions at the Gateway Soccer Complex at the following times and locations starting on August 31, 2010:
